Gambling Related Harm and its impact on women and affected others

Wed 6th Sep 2023

10am-11am

Online, Zoom

There are around 350,000 problem gamblers in the UK, up to 20% of these are women

In this session we will be explore the role of gender as it intersects with gambling related harm and how people can be impacted by another's gambling behaviour

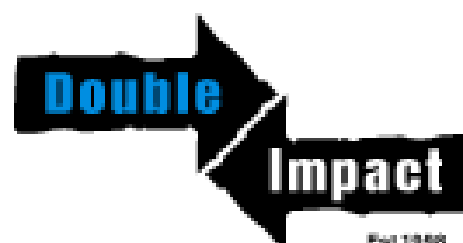

For every person who has a problem with gambling, up to 10 other people can be affected

What?

Learn about gambling-related harm, risk factors, impacts, and how to identify and support people affected.
